## BAB I PENDAHULUAN

1.1 Latar Belakang .................................................................................................................. 1
1.2 Identifikasi Masalah ........................................................................................................ 3
1.3 Maksud dan Tujuan Penelitian ...................................................................................... 3
1.4 Kegunaan Penelitian ...................................................................................................... 3
1.5 Kerangka Pemikiran ...................................................................................................... 4
1.6 Hipotesis Penelitian ....................................................................................................... 7
1.7 Metodologi Penelitian ................................................................................................... 7
1.8 Lokasi dan Waktu Penelitian ....................................................................................... 8

## BAB II TINJAUAN PUSTAKA

2.1 Uji Toksisitas .................................................................................................................. 9
2.2 Otak .................................................................................................................................. 9
2.2.1 Struktur dan Histologis Otak .................................................................................... 10
2.2.2 Toksisitas Otak .......................................................................................................... 10
2.3 Tumbuhan Secang (*Caesalpinia sappan* L.) ............................................................... 16
2.3.1 Klasifikasi Tumbuhan Secang (*Caesalpinia sappan* L.) ....................................... 16
