FOREWORD

Bimillahirrahmanirrahim, Assalamualaikum w.b.t

First and foremost, Alhamdulillah with the countless blessings and a great help from The Almighty, Allah s.w.t. for giving the guidance and strength for me to keep on going to the final full stop of this minor thesis in order to graduate as the Sarjana Kedokteran Gigi from the Faculty of Dentistry Universitas Padjadjaran, Bandung.

In completing this minor thesis, things did not go as smooth as it seems to be. Well, an ample of obstacles has been gone through throughout the whole journey in finding sources that are related to the topic. Besides that, there were also some difficulties that the author has experienced in preparing the littlest thing that contained in it. Therefore, with this opportunity, I would like to show my biggest appreciation and acknowledgement to everyone that has involved directly and indirectly in giving a helping hand and the endless support throughout the whole adventure in completing my minor thesis.

May Allah bless them with many good deeds in return, because without them, I might not have the strength and the ability to get this minor thesis done with flying color. Finally, hereby with a great hope of contributing, I hope that this minor thesis will accommodate so much info for education purposes and other cases that are related to it.
Thanks a million to :

1. Dr. Nina Djustiana, drg., M.Kes, as the Dean of Dentistry Faculty, Universitas Padjadjaran.

2. Drg Tenny Setiani Dewi, MKes., SpPM, as my dosen wali who gives advices, motivates and reminds me not to delay the minor thesis. She also mentioned to place my interest in doing this minor thesis in order to keep on going forward.

3. Drg Ria N Firman, Sp. RKG (K), MH. Kes, as my first supervisor who has guided me throughout this whole completion of minor thesis. Also for all the support, guidance and heads up that has been given all along. Thanks so much for having you as my first supervisor.

4. Drg Belly Sam, MKes., Sp RKG, as my second supervisor who has been given me his support as well. Besides that, he too has given me the motivation and guided me throughout the whole journey of my written work and data collection.

5. Drg. Iwan Ahamad M, Sp. KGA, Drg. Hj. Erna Kurnikasari, Sp. Pros. and Drg. R. Agus Nurwiadh, Sp. BM my fellow dosen penguji, thank you so much for the help, suggestions and advises. Not forgetting, for the support and the knowledge that you have thought me through, you have been very helpful to me in helping me out to keep on going.

6. All the Radiology staffs that have given a massive help and cooperation.
7. To my beloved parents, Rosely Bin Samsuri and Siti Hamsiah Binti Syed Hitam, with their unstoppable support, love and guidance, and for being the best role models in my whole life. Not forgetting, to my two beloved elder sisters as well, thank you for being so supportive with the words of wisdom, Wan Nurainia Binti Rosely and Wan Nuraiza Binti Rosely. I love you guys so much, and thanks again for always being there for me.

8. To the closest ones and the others who have always been there for me throughout the whole journey, with the help and the moral support. Thank you for being there through thick and thin.

9. To my dearest FKG 2011 KPBI classmates, and the ones that have contributed such numerous help and generosity in completing my minor thesis, thank you so much.

Bandung, June 2015

Writer
